

ONE - DECLASSIFIED

Greenfield reports following:

1. Newsweek has story about unloading of ten IL-28's in Cuba together with descriptive material that they are long-range bombers capable of reaching any place in US.
2. Scott and Allen (syndicated column) have story in tomorrow paper that President has asked McNamara to act on Cuba and that troops are moving from LaJume to Florida together with supporting Air Force. Florida papers want to play it on front page tomorrow and have inquired of Department for guidance. Greenfield says it is real scare stuff!
